EUNA solutions | Grants

Subrecipient Management for Grantors.
Streamlined Grants Management for your Community.

As a grantor, managing multiple projects and relying on manual processes can increase the risk of losing important documents in spreadsheets and email threads. Purpose-built for the public sector, Euna's **Subrecipient Management** solution offers an advanced grantmaking suite with a solicitation and application builder, collaborative review workflows, and streamlined post-award management and reporting.

Manage grantees without the headache.

Reporting & Compliance

- Standardized and customizable reporting helps to communicate all spending.
- Report on funding amounts, expenditures, reimbursements, and task assignments.
- The Federal Uniform Guide is referred to throughout the process, ensuring compliance and accuracy.

Application Creation & Review

- Create solicitations, applications, and accept online submissions from applicants within one system.
- Easily build collaborative review and evaluation workflows, speeding up the time to award.

Financial Integration

- Bi-directional integration with your FMS directly sends and receives expenditure data.
- Accurate records of all spending ensures one source of truth for financial data.

EUNA solutions

The Euna Difference

Euna Grants has been implemented by many local governments including the State of Rhode Island, the State of Indiana, Cache County, the City of Norfolk, the City of Detroit, and more.

Purpose-Built

The only grants management solution specifically designed for both sides of the public sector granting process.

$4B+
Subrecipient Funds Awarded

Centralized

Improve efficiency and organization by implementing one centralized system for allthings grants.

$30B+
Funds Awarded

Streamlined

Reduce the administrative burden on staff and save time using streamlined application workflows, search tools, and more.

20
Years of Public Sector Experience

> The grant management system is by far one of the most user-friendly and comprehensive tools available to assist localities and institutions with locating and managing grants from all funding streams.

Anne Strano
Grants Manager, the City of Norfolk
